GO Biological Process 2021
type I interferon signaling pathway (GO:0060337)
SRP−dependent cotranslational protein targeting to membrane (GO:0006614)
cellular response to type I interferon (GO:0071357)
cotranslational protein targeting to membrane (GO:0006613)
translation (GO:0006412)
cytoplasmic translation (GO:0002181)
nuclear−transcribed mRNA catabolic process (GO:0000956)
protein targeting to ER (GO:0045047)
peptide biosynthetic process (GO:0043043)
nuclear−transcribed mRNA catabolic process, nonsense−mediated decay (GO:0000184)
